

## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on January 29, 2008, has been entered. Claims 1-22 and 28-33 are pending.

### ***Allowable Subject Matter***

2. Claims 1-22 and 28-33 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of record fails to expressly disclose or render obvious the receiving of the partially different data by the different child transactions from the parent transaction (which commits after the child transactions have all committed), in the context of the remaining limitations of independent claim 1. The prior art of record further fails to expressly disclose or render obvious the receiving of the partially dissimilar data by the non-identical interdependent operations from a single preceding operation, in the context of the remaining limitations of independent claims 7 and 28.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
